## Understand Your Options

### Why Now?

Microsoft over the past decade has significantly matured in all facets of Enterprise computing. Early desktop/server, user/group office productivity and technology has grown to powerful information work, collaboration, business intelligence and new packaged solutions that can be readily integrated into existing business practices speeding productivity, reducing costs, improving quality and delivering results.

### Drinking From A Fire Hose

As with all product vendors, keeping up with the features/functions that best address your business needs is a daunting task. Our job at Incremax is to help counsel **you** through incremental and cost-effective project investments that match your business needs while keeping you on a road-map of deploying best practices – **a phased approach to success.**

## Learn More

### No Obligation Consultation

Gartner predicts that 70% of most companies will migrate to these latest 2007 versions of Microsoft advanced infrastructure, information productivity and business intelligence solutions over the next 3 years – **do you know why?**

At Incremax we are knowledgeable in both the current and latest Microsoft product sets and can help you determine given your specific situation when is the correct time to make these investments in technology, taking the return on investment in productivity, quality of information and improving your business results.

### It Starts With A Call

Whether you are interested in learning more about any one of the latest Microsoft product features/benefits, have a specific project in mind, or would like an independent Discovery Assessment of your needs contact us to speak with one of our Practice Managers.

We will guide you with key decisions impacting Technology Governance, Business Customer Satisfaction, Business Insight, Compliance, Operation Risk and Building Strong Customer Retention – **all key tenants of IT supporting business savvy.**

Incremax is a *Microsoft Managed & Certified Gold Partner*, an exclusive partnership shared by only a handful of over 1000 New York City Certified Partners.
